and NSD File No. L-00-72.

Dear FCC:

You don't need to be raising the price on everything. I only reason we got a Trace phone because we couldn't afford a regular phone line because of all the EXTRA charges you put on the bill. Leave our phone alone.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Debbie McGirr
